Aims of our Schools

- Each child recognised as an individual so our teaching specifically targets their learning needs, develops their social skills and nurtures their talents
- A focus on literacy so every child will become an avid reader, a fluent writer and a confident speaker
- A focus on mathematics so every child will become a confident, skilful mathematician
- Thinking and questioning at the heart of our curriculum so that children are encouraged to explore, enquire and extend their learning
- Strong values, developing in every child resilience, creativity, politeness, respect and motivation to succeed
- Outstanding teaching so that every child learns new things every day and is motivated to attend school
- An exciting, stimulating curriculum taught inside and outdoors
- A calm, purposeful environment in which to learn, with a clear focus on rewarding positive behaviour
- A coaching culture to support the development of thinking and learning processes

..... Dream, believe, learn, achieve

We have a School Improvement Plan each year to follow, which sets out the priorities for the development of the schools.

Key focus areas are prioritised below.

This next school year will be another exciting and challenging one. We have more new staff to settle in and an expanding school roll; there is also the small matter of keeping up with the Government's changes to education and schooling, whilst Norfolk County Council's education support services are changed, leaving schools responsible for doing much more and with less money to do it with.

The Governing Body agree the strategic direction for the schools- always with a close eye on which improvements will be in the best interests of the children. Over this next year I can promise there will continue to be changes, refinements to our existing practice and many developments, all to improve our offer to the families of North Walsham and keep us ahead of the game. It's going to be fun!

Target 1 Focus : To maintain impeccable pupil behaviour to enable the best learning for all

Target 2 Focus: To continue to improve the quality of teaching & learning through robust quality assurance processes

Target 3 Focus: To raise attainment overall by accelerating pupil progress (especially disadvantaged pupils)

Target 4 Focus: To develop outstanding leadership and management across the Federation

Target 5 Focus: To maintain the quality of the curriculum and ensure staff address gaps in pupil learning through intervention groups
