

HOME LEARNING: Year 2 Autumn 1st 2018

LEARN ITS ... Everyone must:

- read to an adult 5 times a week (or more) and get them to tick a star in your planner
- practise your red words 3 times a week (these words just have to be learnt and it will make writing easier for you once you've learnt them!)
- practise your maths facts - use the Mathletics website if you can

This term our focus is on counting in steps of 2, 5 and 10 (up to x12)

The following home learning challenges are optional. If you have a Children's University passport you can have 1 hour added for each of the activities that you complete from those listed below.

Choose a job that you think you would like to have when you are an adult and find out all about it.

It could be a job that someone in your family has and you will be able to ask them about it. You might choose a job that no-one you know has and you will have to find out about it from a book (use the Library for free) or from the internet.

Week 1:	Decide on the job – it could be anything. Try and name (write a list if you like) as many jobs as you can before you choose. Talk about why you've chosen a particular job and why you think you'd like it.
Week 2:	Find out as much as you can about the job you've chosen – ask others, look in books, look on the internet. Write down 3 or more interesting things about this job. Try to find out what skills you need to be able to do this job.
Week 3:	Imagine you are an adult and draw a picture of yourself doing your chosen job. Do you need to wear a uniform, what will your picture show you doing? Now that you know more about it do you think you'd enjoy it?
Week 4:	Now the fun part! How would you spend your first months wages? Think about what you would have to spend money on if you were an adult, and about what little treats you would like to buy.

You could make a little book or put all the information on a poster. Please bring your finished work into school by October 15th.

**Don't forget to look at your Knowledge Organisers – Science and History will be sent home this term.
Can you score top marks in the knowledge quizzes?**
