

At the end of the Foundation Stage teachers report on the progress children have made within the 7 Areas of Learning. Teachers assess whether each child is working at the 'Expected' level of development for their age, whether they are working *towards* the expected levels and have 'Emerging' skills or whether they are 'Exceeding' expected levels of development for their age.

Personal, Social and Emotional Development Early Learning Goal	
Making Relationships	Children play co-operatively, taking turns with others. They take account of one another's ideas about how to organise their activity. They show sensitivity to others' needs and feelings. They form positive relationships with adults and other children.
Self Confidence & Self Awareness	Children are confident to try new activities, and say why they like some activities more than others. They are confident to speak in a familiar group and will talk about their ideas. They will choose the resources they need for their chosen activities. They say when they do or don't need help.
Managing Feelings & behaviour	Children talk about how they and others show feelings. They talk about their own and others' behaviour, and its consequences, and know that some behaviour is unacceptable. They work as part of a group or class, and understand and follow the rules. They adjust their behaviour to different situations, and take changes of routine in their stride.
Communication and Language Early Learning Goal	
Listening	Children listen attentively in a range of situations. They listen to stories, accurately anticipating key events and respond to what they hear with relevant comments, questions or actions. They give their attention to what others say and respond appropriately, while engaged in another activity.
Understanding	Children follow instructions involving several ideas or actions. They answer 'how' and 'why' questions about their experiences and in response to stories or events.
Speaking	Children express themselves effectively, showing awareness of listeners' needs. They use past, present and future forms accurately when talking about events that have happened or are to happen in the future. They develop their own narratives and explanations by connecting ideas or events.
Physical Development Early Learning Goal	
Moving & Handling	Children show good control and co-ordination in large and small movements. They move confidently in a range of ways, safely negotiating space. They handle equipment and tools effectively, including pencils for writing.
Health & Self-Care	Children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe. They manage their own basic hygiene and personal needs successfully, including dressing and going to the toilet independently.

Literacy Early Learning Goal	
Reading	Children read and understand simple sentences. They use phonic knowledge to decode regular words and read them aloud accurately. They also read some common irregular words. They demonstrate understanding when talking with others about what they have read.
Writing	Children use their phonic knowledge to write words in ways which match their spoken sounds. They also write some irregular common words. They write simple sentences which can be read by themselves and others. Some words are spelt correctly and others are phonetically plausible.
Mathematics Early Learning Goal	
Number	Children count reliably with numbers from one to 20. Place numbers from one to 20 in order. Say which number is one more or one less than a given number. Using quantities and objects, they add and subtract two single-digit numbers and count on or back to find the answer. They solve problems, including doubling, halving and sharing.
Shape, Space & Measure	Children use everyday language to talk about size, weight, capacity, position, distance, time and money to compare quantities and objects and to solve problems. They recognise, create and describe patterns. They explore characteristics of everyday objects and shapes and use mathematical language to describe them.
Understanding The World Early Learning Goal	
People & Communities	Children talk about past and present events in their own lives and in the lives of family members. They know that other children don't always enjoy the same things, and are sensitive to this. They know about similarities and differences between themselves and others, and among families, communities and traditions.
The World	Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another. They make observations of animals and plants and explain why some things occur, and talk about changes.
Technology	Children recognise that a range of technology is used in places such as homes and schools. They select and use technology for particular purposes.
Expressive Arts and Design Early Learning Goal	
Exploring Media & Materials	Children sing songs, make music and dance, and experiment with ways of changing them. They safely use and explore a variety of materials, tools and techniques. They experiment with colour, design, texture, form and function.
Being Imaginative	Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.
